GREEN CAMPUS POLICY

St. Ann's College for Women shall demonstrate higher sensitivity and responsibility in implementing green concepts in the campus. The campus sustainability initiatives is established with the aim of promoting green practices in and beyond the institution and develop best practices strategies in environmental management. Although establishment and maintenance of green campus is important, spreading awareness on the green practices among students and educating stake holders is our priority.

Water Management

- Always practice and implement rain water recycling and harvest rain water to resolve and manage water scarcity problems in future
- Protect environment towards climatic changes and conservation of sources for drinking water.
- Regularly inspect taps for draining and repair immediately to avoid loss of potable water.

Waste Management

- Spread the awareness amongst society about the waste management for ecosystem and methods for its disposal.
- Promote the efforts for the conversion of waste into renewable energy

Renewable Energy

- Improve awareness about renewable energy.
- Promote adaptation of solar power equipment.
- Adopt and promote power saving electrical equipment such as LED Blubs and Tubes

Green Building

- Cleanliness in and around the campus and waste minimization.
- Medicinal plants and more fruit plants and trees have been planted to clean the atmosphere.

Paperless Office

- Advocate the benefits of paperless work in reducing the waste production and green practices.
- Digital Library.

Electricity Management

- Turn off your monitor when you leave your table.
- Activate power management features on your laser printer.
- Whenever possible, shut down rather than logging off.
- Turn off unnecessary lights and use daylight instead.
- Keep lights off in conference rooms, classrooms, lecture halls when they are not in use.
- Use the fans only when they are needed.

Green initiatives beyond the campus

The Green Campus Programs beyond the campus shall be encouraged and planned. Strong commitment and support from the Management will always be there to the students for contribution to embedding sustainability in the campus and beyond the campus. Green Neighborhood promotional programs will inculcate social skills in students and bring awareness in communities to control pollution, save energy, practice on-site renewable energy methods and preserve agricultural and environmentally sensitive areas. The student-led Green Campus programs to be initiated by students of the institution under the guidance of the Principal and staff.
