22, 34. COURSE
PROGRAMMES
EXTENTION

5.1.3 Capacity building and skills enhancement initiatives taken by the institution include the following.

1. Soft skills
2. Language and communication skills
3. Life skills (Yoga, physical fitness, health and hygiene)
4. ICT/computing skills

SKILL DEVELOPMENT

Skill Development is essential to provide skill training and employability skills to bridge the gaps in youth that often impede the career goals of an individual. There is a greater need to strengthen the soft skills of the students to bridge this gap. In this connection, the institute IQAC and management together have implemented Add- on Courses for the students for talent building.

1. The Add- on Courses have been introduced to impart essential job skills to the students through various certificate programmes apart from their undergraduate course along with their Degree. The course runs through four semesters. They are Beautician, Zumba, Computer, Fashion Designing, Art and Craft, Classical Dance, Karate and Music. The classes are conducted for three hours per week. All students are eligible to enrol in the course of their choice. Each course has its own significance. They develop creativity, fitness, technical skills, artistic abilities, self sufficiency etc., necessary in any educational setting.

2. The internships offered are of two types - Community Service Project and Skill based Virtual and Physical Internship provided by affiliating University and State Government. The mandatory internships are provided at the end of even semesters II, IV and entire sixth semester. Students who complete the internship and project earn a 02 credits each. The value based Community Service Project is for 08 weeks and done at the end of II semester for 100 marks. In doing this, students acquire positive thinking, ethical, moral values and social skills through their interaction with the community as a whole.

They identify the problem faced in the community and serve humanity and hold awareness campaign after the community survey. This in turn develops their scientific temper, citizenship values and life skills. In addition to this, the institute imparts Moral Instruction classes once a week. The Skill oriented internships are of two types- Virtual and Physical. Students who complete their fourth semester enrol in this internship for 100 marks. Virtual internship is provided by the University.

The available internship options are Sales Force, Alteryx Data Analytics, Cyber Security, Data Analytics, AWS Cloud, Robotics etc. After the completion of two month virtual internship, a certificate is received. Students who are not enrolled virtually enrol for Physical internship as interns in any local organisation.

3. St. Ann's College for Women is registered with APSSDC. APSSDC is envisioned to create decent work through industry and employment oriented skill development by redefining employability skills and be a knowledge hub. They provide certified skill based online courses. Students receive the certificate after completion of the course. Through APSSDC, students develop confidence to face interviews and work in any work setting.

4. Campus Recruitment Training is provided to the students to enhance their skills both by APSSDC and also by reputed organizations like IBM, Nandi Foundation etc. This training is provided with special emphasis on the final year students to impart employability skills. Trainers impart training on Aptitude, Resume Writing, Group Discussion, Verbal Ability and Personal Interviews to develop global competencies for a period of one month.
