**AURO LOYAL PROGRAMME
Qualification: Chemistry
Training Duration: 4 Months**

Syllabus

Unit-1: Quantitative analysis-1 (9 hours)

A brief introduction to analytical methods in chemistry. Principles of volumetric analysis, concentration terms- Molarity, Molality, Normality, v/v, w/v, ppm and ppb, preparing solutions- Standard solution, primary standards and secondary standards., Description and use of common laboratory apparatus- volumetric flask, burette, pipette, beakers, measuring cylinders.

Unit-2: Quantitative analysis-2 (9 hours)

Principles of volumetric analysis: Theories of acid-base (including study of acid-base titration curves), redox, complex metric, iodometric and precipitation titrations-choice of indicators for the saturations. Principles of gravimetric analysis: precipitation, coagulation, peptization, coprecipitation, post precipitation, digestion, filtration, and washing of precipitate, drying and ignition.

Unit-3: Treatment of analytical data (9 hours)

Types of errors- Relative and absolute, significant figures and its importance, accuracy methods of expressing accuracy, errors- Determinate and indeterminate and minimization of errors, precision-methods of expressing precision, standard deviation and confidence interval.

Unit-4: Separation techniques (9hours)

Solvent Extraction: Introduction, principle, techniques, factors affecting solvent extraction, Batch extraction, Continuous extraction and counter current extraction. Synergism,

Application-Determination of Iron(III). Ion Exchange method: Introduction, action of ion exchange resins, applications.

Re: AU-ICDT/Certification Proposal

Date: 24 Jun 2023

To,

The Principal (Sister Prema)
St. Ann's, Mallapuram, Visakhapatnam

Sub: Proposal for Certification Program Conducted by AU-ICDT

1. I have honor to introduce AU-ICDT (Innovation Center for Drone Technologies), a research innovative center jointly operated by academic institutions and experienced industry bodies, to build a sustainable drone-based solutions with emerging technologies. The center's focus is to promote & develop innovative solutions that can effectively address various challenges and build multiple use cases complementing towards United Nation's Sustainable Development Goals. ICDT is engaged with various companies from India and overseas including start-ups, Innovation Authority, Thought Leaders, Industry Experts, Visionaries and Policy-makers, to create a real time platform for all the aspiring students.

2. AU-ICDT's drone certification training programs will equip an individual with the required industry ready practical knowledge and skills to excel their career in the rapidly growing drone industry. During the training an individual will experience a wide range of real-world application and operational scenarios that makes them a pre-qualified emerging tech warrior to every organization in this digital era. We offer a wide range of certification programs to cater a diverse career path in this emerging industry.

3. With the technological advancement, drones are becoming more capable, efficient, and safer over time and predominantly expanding their presence in almost every sector. The development of new materials, sensors, software, and communication technologies has enabled drones to outperform in almost every sector handling complex tasks. Overall, the drone industry is creating wide range of job opportunities and the trend will continue in this coming digital era.

4. Certification offered, Fee structure and Placements:

a) CAAT (Certified Associate in Drone technologies) - Entry level Certification

*Eligibility: 10+2 and Above, All Engineering and Science Students.

Fee Structure: 13000, Exclusive Offer for St. ANN'S Degree College for Women-6000 (Confidential Not to disclose)

b) CPDT (Certified Professional in Drone Technologies)-Second Level Certification

*Eligibility: CAAT or Must score minimum 70% in CPDT Entrance Exam.

Fee Structure-20000

c) After Successful Completion of CAAT certification Program, placement assistance shall be provided to the candidate through our In-House dedicated Human Resources requirement company in relevant industries. (Multiple Chances would be provided until they are placed).

d) After successful completion of CPDT Certification along with the relevant live project placements are assured in the applicable projects and related companies. As we have multiple job openings across PAN India certified professionals are eligible and given first preference.

e) Free Internship for all the certified students under the expert guidance including involvement in live projects.

Become a tech warrior by immersing yourself in the world of emerging technologies. Enrol in AU-ICDT's drone certification training programmes today to become a valued contributor to the dynamic and fascinating emerging industry!

CERTIFICATION PROGRAMS

AU-ICDT's drone certification training programs will equip an individual with the required industry ready practical knowledge and skills to excel their career in the rapidly growing drone industry. During the training an individual will experience a wide range of the real-world applications and operational scenarios that makes them a pre-qualified emerging tech warrior to every organisation in the digital era. AU-ICDT offers a wide range of certification programs to cater a diverse career path in the emerging industry.

Certified Associate in Drone Technologies (CADT)

Entry-level certification, also known as a "Drone Practitioner"
Eligibility: 10 Plus 2 and above. All engineering and science students.
Outcome: Proficiency in drone fundamentals, regulations, drone based technologies and their application in real world, insights about emerging technologies and their usescases.
Duration: 35 hours < Theory - 15 hours / Practical - 20 hours > 1 Project/Optional

Certified Master Trainer in Drone Technologies (CMTDT)

Third-level certification, also known as "Train the Trainer" program.
Eligibility: CTDT or CPDT with 5 years experience in emerging scenarios.
Outcome: Advanced proficiency to teach the trainer and complete insight on drone based solutions.
Duration: 40 hours < Theory - 30 hours / Practical - 10 hours >

Certified Professional in Drone Technologies (CPDT)

Second-level certification, also known as a "Drone Professional"
Eligibility: CADT or must score minimum 70% in CPDT's entrance exam.
Outcome: In-depth knowledge of drone systems, payload, design & development of drone technology and its applications in various use cases.
Duration: 100 hours < Theory - 30 hours / Practical - 70 hours > 100 Hours Project

Certified Expert in Drone Technologies (CEDT)

Third-level certification, also known "Drone Designer"
Eligibility: CPDT or CTDT with 3 years of experience in Drone operations or training.
Outcome: Specialized expertise in drone technologies and applications for various industries mainly into design and development of technologies including manufacturing.
Duration: 130 hours < Theory - 50 hours / Practical - 80 hours > 200 Hours Project

Certified Trainer in Drone Technologies (CTDT)

Second-level certification, also known as a "Drone Trainer"
Eligibility: CADT with 1 year experience or CPDT or Professors, who wish to nurture their career in training domain.
Outcome: Ability to train and educate others on drone technologies and applications.
Duration: 30 hours < Theory - 0 hours / Practical - 30 hours >

Certified Drone Scientist (CDS)

Fourth-level certification
Eligibility: CEDT or CMTDT with 10 years of experience in the drone industry.
Outcome: Highest level of expertise in drone research and development, with the ability to lead and innovate in the industry.

SYLLABUS DEPARTMENT OF AGROCHEMISTRY

ALS AND PEST MANAGEMENT

PAPER-

I CHEMISTRY OF PESTICIDES AND THEIR FORMULATIONS-I

Unit-I

Study of Organic reactions: (15)

Substitution, Addition, Elimination and Aromatic Substitutions: Nitration, Sulfonation, Halogenation and Friedel – Crafts reaction and Deamination etc.

Unit-II

Chemistry of Pesticides: (3)

Pests and Pesticides, Historical development, Chemical and Botanical pesticides, Classification based on chemicals, Nature and types of targets, Systemic and non-systemic pesticides.

Following classes of pesticides are to be studied with respect to their Synthesis, Chemistry, Metabolites, Environmental fate, Formulations and possible uses- Insecticides, Herbicides, Fumigants, Rodenticides etc.

a) Pyrethroids and Other Natural Pesticides (6)

b) Alicyclic Carboxylic acids and derivatives, Pyrethrins and their synthetic analogues, Fenvalerate, Fluvalinate, Permethrin, Deltamethrin.

c) **Recent advances in pest control: Green Chemistry in pesticides (6)** Recent insect attractants, Chemosterilants and Repellents, Mode of action and Applications of Neem in plant protection: Introduction, Chemical constituents, Bioefficacy of neem preparation.

Unit-III:

Organophosphorus pesticides: (15)

Malathion, Monocrotophos, Dimethoate, Phosphamidon or Phosalone, Chloropyrifos, Finitrothion, Phenthoate, Phorate (Thimate), Quinolphos, Acephate, Ethephon, Temephos, Methomyl, Triazophos (Synthesis, properties, formulation, uses and Environmental fate expected).

Unit-IV:

Formulation (15)

Purpose of formulation, Adjuvants, Synergism, Wettable and Flowable powders, Emulsions, Emulsifiable oils, Solubility limitations, Solution concentrates, Aqueous suspensions, Chemical formulations, Dusts for spraying, Aerosols, Smokes, Granules preparation, Baits, Micro-encapsulation, Soluble emulsions, etc.

PAPER–
II SOILSCIENCE, FERTILIZERS and MICRONUTRIEN
TS

Unit-I

Soil Science

(15)

Importance of Soil formation, Properties and Composition of Soils, Soil profile, Organic matter in soil, Soil micronutrients, Acid and Alkaline soil, Absorption of toxic metal and chemicals by soil, Effect of modern agro-technology and pesticides on soil, Nitrogen fixation, and Soil Reclamation, Study on N, P, K, and S transformations, Leaching, Runoff, Absorption of water and groundwater.

Unit-II

Fertilizers

(15)

Classification and types of fertilizers, Essential fertility requirement of the Nitrogenous fertilizers: Ammonium nitrate, Urea, Calcium Cyanamide, Calcium Ammonium Nitrate, Sodium Nitrate, Ammonium Chloride: Introduction, Raw materials, Manufacture, Action of a fertilizer.
Phosphate fertilizers: Normal super phosphate, Triple Super Phosphate, Ammonium Phosphate. Potassic fertilizers, Bricaking technology of fertilizers, Mixed fertilizers and position of Fertilizer Industries in India.

Unit-III

(15)

A) Micronutrients

Definition, Types, Properties and Uses of Micro-nutrients, Manufacture of Micro-nutrients, Deficiency and Reclamation.

B) Plant Growth promoters and hormones

- a) Gibberellins b) Auxins
- c) Cytokinins d) Ethylene

Unit-IV

(15)

A) Manures

Humus and decomposing organic matter in soils, Compost and composting of agriculture and city wastes, Manures, Oil cakes, Role of Micro-organisms in the process. Types and Chemical properties of Manures. Application of Organic Manures and Soil fertility and Vermi-culture, Vermi-composting, Enriched Vermi-culture.

B) Biofertilizers:

ADDING
VITALITY
TO YOUR
BUSINESS

www.sysres.in

How it all began?

Sysres Technologies Private Limited is the brainchild of the IT professionals- Mr. ManivannanMuthu and Mr. Mohamed Thanseer who came together with the vision of offering cost-effective yet quality-oriented IT and Outsourcing Solutions to the businesses and organizations spanning to India as well as all over the world.

Being in the field of IT and working in the IT education sector by providing Oracle training, made the two founders of this company realize that there is a dearth of quality and dedicated IT Outsourcing companies as well as expertise in the country. This is exactly what motivated them to establish Sysres way back in 2011 as they wanted to share their knowledge and inspire all-round business transformations.

In the context of the skill set and knowledge we had in the IT field, as a startup we took it upon ourselves to train young minds. To this end we started a training division to offer certified IT courses to around more than 100 professionals who have been successfully placed in the IT industry across the countries.

Launching Sysres as a premier IT and Outsourcing Company in India would not have been possible without the continuous support and encouragement from Mr. Mohamed Thahir- another IT professional who has helped in shaping this company and to promote its services.

With the pioneering leadership of the two founders, and the constant guidance of Mr. Thahir besides the hard work of a team of 15-20 expert employees, Sysres hopes to achieve newer heights in the years to come.

Current Operation Centres

Though we are based in Chennai, our operations are conducted in two other metro cities of Vizag and Coimbatore as well. We hope to expand our operations not only in India but also internationally to gain Global success.

Our Vision

Our company seeks not only to revolutionize the way IT and Outsourcing Services are provided in India but also become a major player in the global market. Building a loyal customer base globally and offering deliverables of international standards that will allow Sysres to become a globally recognized company is our long term vision.

Our Mission

Closely associated with our vision, Sysres seeks to establish lasting partnerships with the businesses and organizations worldwide by offering strategies and insights that lead to powerful business transformations. We believe in providing optimized and customized IT and outsourcing solutions to all customers so that their business operations become future-ready as the most sophisticated ones.

Our Core Principles & Values

In order to tread on the path of achieving our vision and to fulfill our mission, everyone involved in Sysres adhere to a set of core principles and values. These are our guiding lights and they also help give right direction to our work.

Policy towards Employees

We consider the employees to be our family as Sysres and they are the backbone which makes our company thrive fruitfully in the industry. We strive to align the vision and mission of our company with the goals of our employees because we know that only through their happiness can Sysres expect to achieve greater success. We encourage them to develop newer skills and accept challenges with a brave heart. Further, with monthly bonus plans and regular appraisals we keep motivating our employees to do their best.

Our CSR Initiatives

Sysres believes that as a company, it is a socio-economic citizen of India and has a responsibility towards the society in which it has developed over the years. It also believes that it has the ability to tackle social, economic and environmental issues plaguing the country by contributing towards the overall betterment of the country. Therefore, we give importance to several CSR initiatives which have become a part and parcel of our company.

We have supported Caliber Trust in Coimbatore in which we have enabled differently challenged people to complete their education and embrace work life by offering them professional IT courses. A trust of our own company is in the planning stage which will exclusively work for the benefit of the humankind.

Our Service Portfolio

Sysres Technology Private Limited takes pride in its service portfolio as it has been designed to cater to the varied requirements of the customers, and to meet all sorts of needs of the current times. The range of services offered by us is mentioned below:
