

## **Student Council Committee QLM 2023 -2024**

The institute strongly advocates for student representation in academic and administrative spheres. The Student Council, composed of dedicated members, plays a vital role by overseeing a range of activities, including academic, cultural, sports, and literary events, outreach and community engagement initiatives, etc. In collaboration with committee members, the College Student Council actively participates in organizing college assemblies and national festivals.

The structure of the Student Council is aligned with the norms of the Society of St. Ann, following a systematic election process supervised by the Principal and the designated council leaders. **It includes the College Student Council, representatives from various sub-committees and clubs, and Class Representatives from each class.**

The Principal plays a critical role in the establishment and functioning of the Student Council, with faculty advisors serving as coordinators. The council influences departmental activities, facilitating events and supporting faculty to ensure their success. This approach empowers students in decision-making, promoting their leadership, organizational, and teamwork skills while fostering holistic development and a vibrant campus culture. Moreover, the college conducts a Student Induction Program for newcomers. With the Principal's guidance, various committees have been established, ensuring effective governance and student involvement. This year, students organized events like Freshers' Day, Farewell Day, Independence and Republic Day, SAS Week, religious festivals, Teachers' Day, and Peacock Day, highlighting the significance of student leadership.
