FIELD TRIP

Circuit Chronicles: A Hands-on Journey through the Electronics Lab

On 23rd April 2024, students of 1st B.SC(Computer Science) along with Miss. Sharina Toor visited Electronics and Communication Engineering Department Laboratory of Vignan's Institute of Information Technology, where students witnessed firsthand the practical application of theoretical concepts they have been studying in class. The Laboratory visit provided invaluable insights and hands-on experience crucial for academic and professional growth of students.
